A GRAVE LETTER.

The London Times Prints a Letter Seeking to Criminate Parnell.

Its Porport is to Make Him a Party After the Deed in the Phoenix Park Murders.

It is Denounced as a Forgery by the Majority of the London News Papers. Opinions.

England.

A CORRECTIONISTS' DERNIER RESORT.

LONDON, April 18.—The Times asserts, at the conclusion of an article on Parnellism and Crime, that it has further documentary evidence, and that that prints a fac simile of a letter signed by Mr. Parnell.

AND SUPPOSED.

To have been addressed to Egan by his subordinates, when Parnell publicly denounced the Phoenix Park murderers. The letter, which is dated simply 15-3-8, without address, is as follows:

DEAR SIR:—I am not surprised at your friend's anger, but he and you should know that to denounce the murderers is the only course open to us. To do that promptly and plainly is our best policy; but you can tell him and all others concerned that though I regret the accident of Lord Cavendish's death I cannot refuse to admit that Burke got no

MORE THAN HIS DESERTS.

You are liberty to show him this and others whom you can trust; also, but let not my address be known. He can write to the house of commons.

The Times says: "Mr. Parnell can not expect that the simple repudiation of the letter will have any weight with public opinion. He must bring more solid proofs to sustain the effect of the disclosures."

LOST AT SEA.

It is reported that an English steamer has founderered off Bonifacio, Corsica. Of 250 passengers fifty have been saved. Help has been sent to the wreck but the sea is rough and it will be difficult to get near her.

IT WAS TOO TRUE.

LONDON, April 18.—Later disputes confirm the report that the steamer Lansia has been wrecked off Bonifacio, Corsica. Of 250 passengers fifty have been saved. Help has been sent to the wreck but the sea is rough and it will be difficult to get near her.

A FIVE-LINE WHIP.

LONDON, April 18.—A five-line whip published to-day urges conservatives to attend the meeting of the house of commons to-night, so as to be on hand at the second reading of the Irish crimes act amendment bill. The alleged letter of Mr. Parnell, supposed to have been addressed to Mr. Egan relative to the Phoenix park murders, which the Times published this morning caused intense excitement among all the parties. In an interview today, Mr. Clary, the Parnellite member for Dublin county, branded the letter

AN INFAMOUS CONCOCTION and declared its bears internal evidence of forgery. He said suspicion is already directed against a certain person as the forger.

WILL DISCREDIT IT.

LONDON, April 18.—Regarding the alleged Parnell letter, the Pall Mall Gazette says: "Until the authenticity of the letter shall be absolutely proved there will be no need to discuss its contents."

THE ST. JAMES GAZETTE

says: "The letter is a grave document, and it will not do to regard it as genuine until Mr. Parnell shall be heard from concerning it. The Parnellites all desire the letter an infamous concoction and deliberate invention to publicly slander the leader of the home rule party. They say that even on the low

GROUND EXPEDIENT

Parnell would be the last man in the world to write the letter containing such damning admissions. They contend, therefore, that all reason in the case proves the letter to be a forgery on the face of it, pointing to proof to the contents of the documents, especially to the writer's warning the persons to whom the letter purports to be written, not to disclose the address, while no address is given; that there is no signature. That only part of the letter is in Parnell's writing, is by itself—the home rulers argue—proof that the whole thing is a fraud, according to them, while it would not be difficult to obtain specimens of Parnell's writing to enable the forger to imitate it, it is not at all difficult to obtain his signature. Mr. Parnell has authorized an agent of the Associated Press to state that he will

CATEGORICALLY DENY

that he wrote the letter. Mr. Parnell will make his denial in the house of commons. The editor of the Times will be summoned to the bar of the

house of commons to explain the authorship of the letter.

IRELAND.

STRICTLY BOYCOTTED.

CONC, April 18.—Magistrate Hegarty, while returning to Mill street from a meeting of the Defence Union yesterday, was fired at from behind a hedge and wounded in the head and shoulders with buckshot. Hegarty is unpopular and has been rigorously boycotted. No arrests have been made in connection with the affair.

HUGO DEMONSTRATION.

DUBLIN, April 18.—At Limerick yesterday 60,000 persons joined in a demonstration against the coercion bill.

ITALY.

HIS HOLINESS APPROVES.

ROME, April 18.—The pope approves the position of Cardinal Gibbons and encourages him in the action with reference to the Knights of Labor. Cardinal Gibbons has secured the adherence of Cardinal Manning and will appeal to the other bishops for support.

GERMANY.

HERE IS SOME PROHIBITION.

BERLIN, April 18.—The trial of twenty-four socialists, charged with being members of illegal secret societies, is just concluded at Posen. Nine were convicted and sentenced to various short terms of imprisonment.

WARNING TO FENCERS.

A YOUNG CREATE RUN THROUGH THE BRAIN IN AN ASSAULT D'ARMS.

NEW ORLEANS, April 18.—John T. Fernandez, a young man of this city, died suddenly from a wound inflicted by a comrade in a friendly fencing contest at the leading Creole club. The party of young men, all Creoles, were assembled at the club room Saturday night and yesterday morning having a good time, when some one proposed an assault d'arms. A pair of fencing foils were produced and Fernandez and his friend Henry Bernard fenced with them a while. Fernandez disarmed his opponent several times. The latter grew excited in the contest and made a vigorous lunge at Fernandez, but in doing so the point of the sword entered his eye and penetrated the brain. The wounded man lived but few hours. Afterward, when the foil was examined, it was found to have the button on the end and it must have been driven with great force to cause death. Bernard surrendered to the authorities and is locked up, charged with murder.

STATE CAPITAL.

Funds Coming to Judge Galloway Removed—Land Boards.

General Notes.

Special Dispatch to The Examiner.

AUSTIN, April 18.—The comptroller today paid into the state treasury \$10,000 to the school fund and \$4,000 to the general revenue.

Judge Galloway, for ten years connected with the state department as clerk in the office of the secretary of state, is to be removed to make way for a north Texas man.

The land board was in session this afternoon, considering matters looking to the abolishing of the board and turning over the business to the general land office.

The jury in the Tom Smith case brought in a verdict yesterday of not guilty.

A PRETTY HARD RULING.

MILWAUKEE, April 18.—A special to the Evening Wisconsin says: "A company of the 11th infantry, stationed at Fort Sully, received orders yesterday to proceed at once to the White Bear and Crow Creek reservations and drive settlers from those lands. The company, under the command of Captain Myers, left yesterday and camped at Cannon last night. The orders are reported to be strict calling for the destruction of property if necessary, and the use of guns and ball. The greatest excitement exists, and it would not be surprising to see a miniature Civil rebellion inaugurated in these lands. The territory was thrown open by the Arthur administration February 25, 1884, and thousands of honest settlers from all parts of the United States rushed in and took possession of the lands. Cleveland repudiated Arthur's proclamation and made hundreds of paupers.

THE DALLAS EXAMINER.

Special Dispatch to The Examiner.

DALLAS, April 18.—The conclusion of the examining trial of Henry, the uxoriote, was had this afternoon. The defense introduced the testimony of neighbors and others who had known the prisoner both here and at Plano, touching his sanity and also establishing proof of his wife's intimacy with Farrell while at Plano. Mrs. Leucumine testified that Mrs. Henry did not make any dying statement as reported, but positively refused to do so. Dr. E. H. Aver, the attending physician, testified to the same effect. Other testimony of minor importance was introduced.

The prisoner was bound over and his bond fixed at \$1,000, which will be furnished to-morrow. Farrell was arrested this evening, charged with carrying a pistol.

GROUND EXPEDIENT.

Parnell would be the last man in the world to write the letter containing such damning admissions. They contend, therefore, that all reason in the case proves the letter to be a forgery on the face of it, pointing to proof to the contents of the documents, especially to the writer's warning the persons to whom the letter purports to be written, not to disclose the address, while no address is given; that there is no signature.
